

Reconnoiter the Prodigious Advancements in the Aquaculture and Fisheries technology

Eref Korkmaz

Faculty of Agriculture, Ankara University, Turkey

11th International Conference on Fisheries & Aquaculture will be organized on October 04-05, 2021 as a webinar. Aquaculture 2021 aims to gather eminent scientists, research scholars, notable Aqua culturists, educationists and professionals to express their views on the latest technologies, trends, and concerns in aquaculture & fisheries. It draws on scientists and academics ongoing efforts to develop current innovations while still inventing new ones for the future.

Attendees at the International Conference on Aquaculture and Fisheries are honored by awards given to the finest scientific contributors in a variety of categories.

Award for the Most Valuable Organizing Committee Member

The Best Organizing Committee Member award will be given to the person who has contributed the most to the conference.

Best Keynote Speaker Award

A keynote speech is important because it establishes the theme of the conference. Audience engagement is the most important factor in the success of a keynote speech. The keynote speaker must capture and hold the audience's attention, as well as set the tone for the entire event. This award is given to the most outstanding keynote speaker. You can nominate those who are deserving of the award online.

Award for the Best Speaker

During the conference, one Best Speaker Award will be given out, depending on the scientific quality of the work as well as the presentation of the work. You can nominate those who are deserving of the award online.

Award for the Best Young Scientist

One Best Young Scientist Award will be given out during the conference, and it will be based on unique discoveries and insightful findings that highlight the high quality of student

Research effort. Applicants must be pursuing a Master's degree, PhD, or post-doctoral study. You can nominate those who are deserving of the award online.

Award for the Best Poster

One Best Poster Award will be given out at the conference, depending on the scientific value of the poster and the lead author's presentation. You can nominate those who are deserving of the award online.

The nominees for each category are reviewed by committee members, and the winner is announced after all of the presentations are finished. Nothing compares to receiving positive feedback from your peers and coworkers for a job well done. We all want to be accepted, and belonging is demonstrated via recognition. Join us as a speaker at the Aquaculture 2021 conference on October 04-05, 2021 and give a talk about Aquaculture and Fisheries, Aquaculture Nutrition, Shellfish Farming, Environmental Impacts in Aquaculture, Aquaculture Disease and Health Management, Fishery Resource Analysis and Monitoring, and Genetic Biodiversity Aquaculture.
