- Collaboration Opportunities
- Business networking

### **Why to Attend?**

This is the best chance to meet the biggest group of attendees from the agriculture, food and aqua industry, including members from all around the world focusing on learning about agriculture, food, aqua and its advancements. The Aquaculture Conference 2021 will offer a global forum for scientists, academics, and other researchers to share their findings. The below are few main points:

- Platform to showcase the research
- Workshops, Expo areas, Sessions
- Networking with colleagues
- Keynote speech by Professors and Eminent Personalities
- Educational Workshops
- Interaction with well-established companies in the world
- And many more...

### **Target Audiences:**

- Academicians & Researchers
- Horticulturists
- Agronomists
- plant scientists
- Agricultural Students
- Farming practitioners
- Food technologists
- Food safety officers
- Food Industrialists
- Food laureates
- Food Microbiologists
- Food scientist and researchers
- Biochemist and Nutritionist

- Aqua-culturists
- Fisheries scientists
- Aquaculture Researchers
- Agriculture, Food and Aquaculture Industries
- Board Members, Directors, Presidents, Vice Presidents, and Head of the Departments

**Conference Highlights:**

- Sustainable Agriculture
- Horticulture and Soil Science
- Livestock Farming
- Agricultural Biotechnology & Food Microbiology
- Pharmaco-toxicology
- Food Processing Technologies
- Bio fortification and Food Grading
- Food Engineering & Chemistry
- Organic Aquaculture
- Fish Genetics & Biology
- Fisheries Techniques
- Waste and Water Management
- Recent Techniques in Agricultural Practices
- Future of Agriculture and Aquatic Biodiversity
