

Deciphering Recent Research in Aquaculture and Marine Biology

Yannis P. Kotzamanis

Principal Researcher, Institute of Marine Biology, Biotechnology and Aquaculture, Greece

Prestigious Award for Young Researchers in Aquaculture 2021- Exploring New Frontiers in Aquaculture. Explore the latest Aquaculture and Marine Biology developments, as well as the outcomes of your most pressing issues, and then share the details with your doctors for a more in-depth discussion. Minute solutions to technology can be discussed; this is the best chance to achieve the best and meet professionals from retouching centers, universities, and other organizations. The Conference will be an energizing gathering for talks, gatherings, and workshops, with the aim of evaluating a network among speakers and guests.

Aquaculture 2021 Conference Committee is glad to announce “4th International Conference on Aquaculture & Marine Biology” in September 27-28, 2021 at Rome, Italy by focus on the theme: “Aquaculture for Food and Sustainable Development”

Aquaculture 2021 developments are maintaining their momentum. Addiction Therapy Conference program delves into strategic discussions.

Young Scientist Awards in Aquaculture 2021:

In recognition of their exceptional contribution to the conference theme, the Aquaculture & Marine Biology Conference Committee will honor prestigious awards for promising Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, and Junior faculty. The Young Scientist Awards make every effort to provide early career academicians with a strong professional growth opportunity by bringing them together with experts to exchange and share their experiences in all aspects of aquaculture.
